The subject property is approximately 12.6 acres, and according to the conceptual site plan submitted in the referral materials, the proposal would include four structures with one mini-storage facility of 120,000 SF GFA, one service station with convenience store of 2,960 SF, one McDonald's restaurant with drive through of 4,388 SF and one major restaurant of 9,497 SF.

Of the 8 lots proposed, 2 of them contain existing improvements (catering facility and multitenant mixed use light industrial building) that will remain. The future development would occur on proposed Lots 3 through 8, and based on a provided conceptual plan depicted potential 'as-of-right-(special permit)' uses as being; a 150 room full service hotel, 2 medical office buildings, 2 assisted living facilities, and 1 lot containing open space, roads, recharge areas, and the location of the sewage treatment plant.
